<b>Description</b>			
Liebes IT-Team,			
Nina hat es evt. schon angesprochen, aber es gibt immer wieder Fehlermeldungen beim Editieren, bzw. beim Speichern von Änderungen im Fragebogen (siehe Mail von Tuhin und Blagoje unten):			
Tuhin Samaddar (Bangladesh) bekommt nur eine Errormeldung bei den rejecteten Approach/Technologies (he used Firefox and Google Chrome browser on Windows 10 platform in Intel Core i5 (Toshiba) hardware setting).			
Blagoje: I still have problems with the editing into the web application. Precisely, I can't save any changes. My browser is Google Chrome, but I have the same problem when I use Mozzila Firefox. I use Microsoft Windows XP Professional SP2. <a href="https://qcat.wocat.net/en/wocat/technologies/edit/technologies_500/tech_4/">https://qcat.wocat.net/en/wocat/technologies/edit/technologies_500/tech_4/</a>
