Description

Eine Bemerkung von Godert, die jetzt aber wohl eher geringe Priorität hat:

Another small but I think important observation: the Home button in the new db does not bring you to the WOCAT Home page (what I would expect) but to the (new) db home page. Maybe make two buttons, one "Top" or so, and the other "WOCAT Home"? Now the only way to get (back) to the WOCAT Home page is the (very small) Copyright reference at the bottom left.

Der Home button ist richtig, so wie er ist finde ich.
Aber tatsächlich haben wir nur einen absolut unscheinbaren Link zu WOCAT.
Da müssen wir oben im Menu (oder Logo) noch irgend etwas machen.
Da muss effektiv oben irgendwo ein viel prominenterer Link zu wocat.net hin.
