<b>Resolution:</b>			
<b>Description</b>			
<h2>User Story</h2>			
As a software developer I want to access a basic version of the API representing the database so I can build on that later on.			
<h2>Acceptance Criteria</h2>			
<ul style="list-style-type: none"><li>• The restful API is available for GET requests only.</li><li>• No authentication is required.</li><li>• The API has a version.</li><li>• The index displays a list of available urls.</li><li>• Basic filtering is in place.</li></ul>			

### History
